

February 24, 2000

Good day, Linus Benedict Torvalds

I hope this letter finds you well. We are writing to bring to your attention a matter of importance regarding Our upcoming Fiesta celebration. Our Fiesta has been a cherished tradition for many years, bringing together residents

from all walks of life to celebrate our cultural heritage, foster community spirit, and create lasting memories.

However, as We plan for this year's Fiesta, we are facing financial constraints that threaten to dampen the spirit of the event. Our organizing committee has been diligently working to ensure that this year's Fiesta lives up to its legacy, but We find Ourselves struggling to secure the necessary funds to cover the costs of prizes and games. The prizes and games are integral components of Our Fiesta, providing entertainment and excitement for attendees of all ages specially the youth of Nazareth, they not only contribute to the festive atmosphere but also serve as incentives for community participation and engagement. Unfortunately, without adequate financial support, we risk having to scale back or even eliminate these essential elements, which would undoubtedly diminish the overall experience for Our residents.

Thank you for considering Our request for financial assistance. We are more than willing to discuss this at your convenience and provide any additional information you may require.
